Powers Sign New Quadruple Treaty

Consummation of Yap Agreement Only Reservation by United States; Senate to Get Official Copy Soon.

[*By the Associated Press*]

Washington, Dec. 13—The new quadruple treaty to preserve peace in the Pacific was formally signed today by the plenipotentiaries of the United States, Great Britain, France and Japan.

AFFIX SIGNATURES.

The signatures were affixed in the state room of the office of the Secretary of State. There was no formal ceremony and no one was present except the plenipotentiaries and their secretaries.

The American delegates, the first to sign under an alphabetical arrangement of the powers, put their names to the document and affixed their seals a few minutes after 11 o'clock.

ONE RESERVATION.

The approval of the United States was given, however, subject to a written understanding with the Japanese providing that the American-Japanese treaty regarding Yap must be consummated before the four power arrangement is binding.

Except for this reservation which is expected to be erased within a few days by signature of the Yap treaty, the new Pacific agreement now requires only parliamentary ratification by the various Governments to make it effective.

SENATE TO GET TREATY.

The American official copy of the document now goes to the White House for transmission by President Harding to the Senate. The new pact, it was generally believed today, would be forwarded to the Senate within a very short time.

YAP TREATY TEXT.

The text of a treaty between the United States and Japan covering an agreement as to the status of the Island of Yap was made public late Monday at the state department.

The treaty prohibits fortification of the island of Yap and gives Japan the right to maintain order.

RECOGNIZES MANDATE.

The United States under the treaty recognizes Japan's mandate given by the League of Nations over the German islands in the Pacific north of the equator.

No licensing will be required of American firms who desire to construct either cable or radio facilities on Yap. In regard to radio arrangements, however, it is provided that so long as Japan maintains an efficient radio station on the island, with unrestricted communications to other stations and to ships at sea, the United States will not exercise its rights of establishing an American station there.

GIVEN "FREE ACCESS."

The provision in regard to cable facilities is drawn in the broadest terms. It declares that the United States shall have "free access" to the island for purposes of cable communication in everything that relates to the Yap-Guam cable or to any other cable which America interests may desire to lay in the future.

NAVAL COMMITTEE APPOINTED.

Appointment of the new naval subcommittee of 15, including both plenary delegates and civil and naval experts of the five powers, in place of the former subcommittee composed exclusively of experts was regarded today as a step placing the entire naval program of the conference in a process toward final and definite working out of its remaining problems.

HAS DIRECT PLENARY POWERS.

Endowment of this committee with direct plenary powers to make recommendations the conference through membership of the five delegation heads will greatly expedite final action not only on the ratio question as applying to Japan, but also in fixing the ratios for the French and Italian navies under the prospective agreement. Possible modification of the proposed naval holiday and the question of submarine strength are other points to be settled by the new committee.

DISCUSSIONS PROGRESS.

Discussions of the important question of control of the Kio-Chow railway in Shantung will be resumed today in the "conversations" of the Japanese and Chinese delegates.

Developments on that phase of the Shantung question during yesterday's discussion were regarded by the Chinese representatives as having taken a most promising direction.

LA FOLLETTE FIGHTS TREATY.

Washington, Dec. 13.—Declaring that the new four power Pacific treaty had "all of the iniquities of the League of Nations with none of the virtues claimed for that document," Senator LaFollette, Republican of Wisconsin, today announced in a formal statement that he was prepared to do "all in my power to prevent its ratification."

USED EAGLE QUILL.

Except two, the delegates signed with ordinary steel pens or with their own fountain pens. Senator Lodge and Elihu Root of the American delegation used an eagle quill sent to them by Robert Underwood Johnson, former ambassador to Italy. It will be placed by Mr. Johnson in the American Academy of Arts and Letters in New York.

After the signing, Senator Lodge went to the White House for a conference with President Harding, presumably regarding the President's transmission of the treaty to the Senate.

DELAYS ACTION.

Republican leaders pointed out that both Senator Lodge and Senator Underwood probably would be engaged as conference delegates until about the first of the year and as Senator Lodge is chairman of the foreign relations committee, to which the treaty will be referred, any action before January was regarded as improbable.

It is the opinion of American delegation members that besides the four power and the Yap treaties two more pacts probably would come out of the conference, one to deal with the agreements relating to China and the other on armament limitation.

American Reserve Domestic Rights

[*By the Associated Press*]

Washington, Dec. 13.—The American reservation attached to the four power treaty when it was signed today contained a provision that domestic questions of the various powers are not be considered within the scope of the treaty.

The reservation is in two parts, the first of which declares that the treaty shall in no way be binding as regards the policy of the United States toward the mandated islands of the Pacific.

TEXT OF RESERVATION

The text of the American reservation follows:

"In signing the treaty this day between the United States of America, the British empire, France and Japan, it is declared to be the understanding and intent of the signatory powers:

"1—That the treaty shall apply to the mandated islands in the Pacific ocean; provided, however, that the making of the treaty shall not be deemed to be an assent on the part of the United States of America to the mandates and shall not preclude agreements between the United tates of America and the mandatory powers respectively in relation to the mandated islands.

"2 — That the controversies to which the second paragraph of Article One refers shall not be taken to embrace questions which, according to principles of international law lie exclusively within the Democratic jurisdiction of the respective powers."

PUBLIC BALLROOM STOPS DEGENERACY

Jazz Music Condemned As Immoralizing.

Chicago, Dec. 13.—Assertion that the public ballroom is today "one of the few substantial agencies between your son and daughter and social degeneracy" was made today by J. Louis Guyon, a Chicago dance hall proprietor, in an address before the Chicago South Side club.

TRY TO KEEP DECENT.

By public hall room, Mr. Guyon referred to regularly established dance halls, whose only business is dancing. He said that public dancing without supervision has become so widespread in restaurants, studios, cafes, club rooms, hotels and cabarets that lack of restraints at nearly all these has left the public ball rooms to carry the burden of trying to keep dancing decent. He declared that the majority of these public ball room proprietors favored decency because their incomes depended on dancing alone and that they realized that indecency ultimately would ruin their business.

TRACES ORIGIN OF JAZZ.

Mr. Guyon traced the origin of jazz music to immoral resorts and told how he believed what is called jazz dancing, a term embracing many of the latest steps, had come directly from these immoral resorts. He told his audience about a jazz music experiment conducted at his own ball room, where this music is barred. First he said the supervisors were withdrawn from the dancing floor, while the orchestra continued playing its regular music. The dancing continued as clean as before the supervisors left. Mr. Guyon said, until abruptly the orchestra swung into jazz, whereupon many of the dancers broke into the regular jazz antics, which are barred in this ball room; as immoral.

POLICE ON GUARD IN PACKING DISTRICT

Kansas City Quiet; Fort Worth Unsettled.

[*By the Associated Press*]

Kansas City, Mo., Dec. 13.—Police motor cars roared through the packing house district with shrieking sirens all bound to prevent the assembly of crowds. For in Kansas—all the packing houses are in Kansas City, Kan.—the old saying "two is company, three is a crowd" is given legal sanction. Under the Kansas law, three persons constitute a mob, and when any damage is done to property because of the activity of such a "mob" the municipality is liable for damages.

STRIKERS QUIET.

In view of this fact, the police forbade the assembling of groups last night and this morning. Packing house workers, out on strike, showed no disposition to argue with them Men gathered last night in pool halls in Kansas City, Kan., to talk. There were no mass meetings.

Except night watchmen, plant officials and police, no one appeared last night around the packing plants. One or two shots were heard, but could not be located.

"BUSINESS AS USUAL."

"Business as usual," was the packing house report, qualified sometimes by the phrase "considering conditions."

At strike headquarters, George W. Reed, negro leader of all the local strikers, said he had nothing to announce.

Meanwhile, at the city hall in Kansas City, Kan., the Kansas court of industrial relations is holding sessions and conferences, keeping in touch with conditions.

STOP STREET CARS.

Fort Worth, Tex., Dec. 13.—Police called early today to the packing house strike district where groups of men were halting street cars bearing workers, turning the tolleys and forcing the cars to return to Fort Worth, had restored quiet at 9 o'clock. Nearly three hundred workers, bound for the packing plant were turned back, police reported.

Most of those turned back were negroes, who, uneasy over the lynching on Sunday night of Ed Rouse and alleged negro strike breaker took to their heels when the cars were stopped. Later a few of these, under police protection, continued to the plants in automobiles.

MAKES ROUND TRIP IN RECORD TIME

Danville, Ill., Dec. 13.—John M. Graham of the Chicago Motor club, passed through here over the Dixie highway at 4:30 o'clock this morning and arrived in Chicago at 7 o'clock completing a round trip from Chicago to St. Louis by way of Joliet and Springfield and returning by way of Marshall and Danville.

The schedule had been arranged to make the 760 miles over paved roads in 24 hours, but due to being forced to make several detours he was a few minutes late on completing his journey.

10 DROWNED IN BIG FLOOD

Bridges, Rail and Wire Communication Broken.

Seattle, Wash., Dec. 13.The worst flood in years held sway in western Washington Monday night. Ten persons are known to have been killed, a number are injured and heavy property damage has been done by railroad accidents and landslide due to the water.

Heavy rains, starting Saturday and continuing to the present have sent rivers out of their banks, washed out bridges, torn through railroad embankments and interrupted rail and wire communication in many directions.

WARM WEATHER HELPS.

Warm weather helped the rains bring down snow water from the hills. At Stampede, the highest point on the North Pacific line the thermometer registered 70 degrees today.

Inundation of a large area was feared as a result of a jam of flotsam behind the wreckage of a North Pacific train in Miller. Two lives were lost when the train plunged through the bridge, weakened by the floods. Near Aberdeen four persons were killed and several injured in two logging railway accidents caused by landslides.

KANSAS MINERS' FATE AWAITS ILL. UNION

Claim Farrington's Course Nothing but Secession.

[*By the Associated Press*]

Springfield, Ill., Dec. 13—The fate of Kansas mine workers awaits the Illinois district, should the Illinois miners executive board vote tomorrow to uphold President Frank Farrington and state officials, "in their rebellion against the international," according to prediction this morning of President Freeman Thompson of the Springfield sub-district.

"Nothing short of succession," is the manner in which Mr. Thompson views the course of President Farrington.

"President Farrington controls the executive state board, and it will vote as he directs. Action of the Peoria convention in levying the $1.00 a month assessment for Kansas strikers will beyond any doubt be upheld, even in face of the command of the international to the contrary.

ONLY ONE THING LEFT.

"Then there will remain but one thing for the international board to do. There is no escape from it. Rebellion, and defiance of the authority of the international can result only in removal of the rebellious members. President Farrington and his entire board will be deposed, and the entire Illinois membership expelled from the union. Nothing else can reasonably be done."

REPORTER WITNESS IN BURCH TRIAL

Los Angeles, Dec. 13.—Otis M. Wiles, Los Angeles newspaper reporter called yesterday by the state as a witness in the case of Arthur C. Burch, charged with the murder of J Belton Kennedy, was expected to continue his direct testimony at the resumption of the trial today.

Wiles testified yesterday concerning two empty shotgun shells which he said had been found near the cottage in Beverly Glen, near here, where Kennedy was slain last August. A boy living in the neighborhood had found them, Wiles said and turned them over to the reporter, who had marked them with his initials. They were admitted as exhibits over the objections of the defense.

NO CLUE TO SLAIN TEACHER'S MURDERER

Waukon, Iowa, Dec. 13—No clew to the murderer of Miss Edna Magneson, school teacher who was beaten to death late yesterday afternoon at her school near town, had been discovered this morning, Mrs. Gunda Martindale, sheriff of Allamakee county, says. Bloodhounds were taken to the scene of the crime during the morning.

Mrs. Martindale has held the office since May 1, when her husband, incumbent of that office since Jan. 1, 1921, died, and she was appointed to fill the unexpired term.

ATTACK WOMAN'S RIGHTS AS JURORS

Des Moines, Iowa, Dec. 13—The right of women to serve as jurors was upheld by the Iowa supreme court in a decision handed down this morning in the case of the State vs Walker, appealed from the Hamilton county district court.

Charles Walker charged that conviction was due to women on the jury. He also charged it was unconstitutional for women to perform jury duty.

The case was reversed, but the right of women to serve as jurors was upheld.

IRELAND IN DOUBT OVER DAILS ACTION

Conservative and Moderate Elements for Treaty.

[*By the Associated Press*]

London, Dec. 13.—Conjecture continues rife regarding the decision the Dail Eireann will make at its momentous meeting on Wednesday of the Irish treaty. Conferences continued at the Mansion House Monday—but little leaked out to indicate the tread of the discussions.

A statement issued by Eamon DeValera at Dublin Monday night, in which he declared that any agreement was subject to ratification by the Dail, is considered in some quarters to lend support to those who think the Dail Eireann will make no decision, but refer the issue to the electorate, on the ground that the members of the Dail Eireann were not authorized by the Irish people to accept the settlement the delegates signed.

NEWSPAPERS FORCE STATEMENT.

Mr. DeValera's statement apparently was occasioned by the persistent argument in the newspapers that the treaty must be ratified because the Irish signatories were plenipotentiaries. It is reported form Dublin that Prof. Macneill, speaker of the Dail Eireann, and S. Hayes, a noted figure in the Irish republican army, are in favor of ratification.

Conservative and moderate elements throughout the southern portion of Ireland are pressing for a ratification and a powerful impetus will be given this movement if as expected the hierarchy which meets tomorow comes out with a plea for acceptance of the treaty.

DENBY MAKES NO RECOMMENDATIONS

Washington, Dec. 13.—Secretary Derby, in his first annual report announces that he has "no recommendation to make at this time relative to the naval establishment." A proposed future policy for the navy is embodied in the American proposal to the arms conference, but Mr. Denby omits any reference to this. His only statement as regards the conference is a recognition of "the ardous and excellent work" performed by the navy general board and individual naval officials in the preparation of information preliminary to it.

MILITANT WOMEN ATTACK 2 MINES

Pittsburg, Kan., Dec. 13—The militant women marchers of the Kansas coal fields, followers of Alexander Howat, were in action again this morning. Storming two miles of the Central Coal and Coke company, they stopped work and drove 85 miners away.

Violence featured the attack of the women. The crowd was larger than the mob which stormed a Jackson-Walker mine near Franklin yesterday morning. That mob was estimated at 2,000 this morning the women threw stones and red peper. The dinner buckets of the working miners were seized and the contents thrown on the miners and officers.

STORM OTHER MINES.

Another mob of women stormed several mines of the Sheridan Coal company at Mulberry, this morning and stopped men at work there, reports reaching here said. Mulberry is eight or 10 miles from the Central mines, which were stormed by a mob of women early today. There the women were less successful, most of the workmen going to work in spite of the striking women.

ECONOMIC MEETING RUMORED IN LONDON

[*By the Associated Press*]

London, Dec. 13.—Rumors of the possibility of an international economic conference in Washington which have been current here during the last few days, were the subject of comment in the London morning newspapers today. It is not assumed that such a conference has been decided upon but the success of the armament conference has aroused hopes that the economic troubles in Europe may be settled by a similar gathering.

Connected with the rumors are more or less vague reports that Prime Minister Lloyd George and Premier Briand of France intend to go to Washington together after the French premier's visit here next week.

WORST IS OVER SAYS WALLACE

Gradual Improvement from No won Predicted.

[*By the Associated Press*]

Washington, Dec. 13.—Freely and frankly discussing the present plight of the American farmer, Secretary Wallace tells the president in his first annual report that there "seems to be good reasons for believing that the worst is over and that we may reasonably hope for gradual improvement from now on." He adds that "a clear recognition of the conditions as they exist should help us to realize this hope."

DUE TO WORLD CONDITIONS.

In large part the troubles of the farmer today are due to world-wide conditions and the inevitable result of the world war, the secretary of agriculture says, adding that it is not to be expected that by some "miraculous transformation," the period of adversity may be turned over night into a period of prosperity.

IMMEDIATE CAUSES GIVEN.

High freight rates, big crops produced in the face of high costs, unemployment in other industries in the country with attendant lessening in buying of foodstuffs, and the lack of foreign markets for the farm surplus are given by the secretary as the more immediate causes for present conditions in agriculture. He lays particular stress upon the lack of foreign markets and high freight rates.

WAR STILL ON IN FAR NORTH COUNTRY

Nome, Alaska, Dec. 13—An Artic adventurer, B. D. Seaman, sailed into Nome from the frozen north this month and not knowing that the war was over, tried to enlist in the American army so he could fight in France.

Seaman said he had been three years getting to Nome from the Coronation Gulf country, which lies far east on Canada's Artic coast, and during his journey had received no news from the outside world. He left the gulf, he declared, in October, 1918, when he first heard the United States had entered the war. Seaman was formerly a member of the then Royal Northwest Mounted Police.

Soon after Seaman started for Nome the small schooner on which he was journeying was wrecked in the ice, he said, and he and his companions were forced to walk twenty seven days before they came to an Eskimo village. On their way they lived on roots.

Thousands Hunt Killer i All Parts.

Chicago, Dec. 13.—The chase o "Lucky Tommy" O'Connor, condemned gunman, who Sunday, with tw companions escaped from a cell o the fourth floor of the Cook county jail, continued today, with his whereabouts as much of a mystery as they were one hour after his sensational dash which cheated the gallows in the jail yard of another victim O'Connor was to be hanged Thursday for the murder of a Chicago policeman.

THOUSANDS HUNT.

The hunt for the killer by thousands of police and detectives has consisted mainly of running to earth numerous rumors and "tips" that pretended to locate the gunman at all points of the compass.

INVESTIGATIONS STARTED.

The escape of O'Connor and his two companions, James LaPorte and Edward Darrow, convicted robbers, has resulted in six separate investigations of the county jail. Every guard and official in the jail, who was connected in any way with the "break" has been suspended and the officials in charge of the investigations have stated serious charges might be filed against some of the men.

SLOVAKIAN DAMSEL ENDS LONG JOURNEY

Comes to Join Her Brother At Witt.

Pana, Dec. 13—Annie Turhan, aged 17 years, a native of the Republic of Slovakia, attracted much attention at the Union depot in this city Sunday afternoon, with her native costume, which is very different from the modern American girl's clothes. Miss Turhan does not speak a word of English and was enroute to the home of her brother, John Turhan in Witt, Ill. Miss Turhan was tagged all over, having been sent over seas entirely alone. She was very attractive in spite of her queer wearing apparel.

Through an interpertor she stated that the journey had been long and tiresome, but she had enjoyed it because everything and everybody were so strange.

Miss Turhan left Slovakia about four weeks ago and arived in Hoboken last Tuesday. Her transportation had been paid by the Slovokian government. The tags which were pinned to her dress gave all directions as to her destination.

The couple were presented with a substantial purse of silver by the congregation.

Mrs. Louis Denton, Mrs. Charles Gallagher and Mrs. Mary Umpleby of this city attended a birthday party at the home of Grandpa Morrison near Fairview Sunday, to celebrate his 77th birthday anniversary. A dinner was served and a most enjoyable time reported.

Myron W. McQuigg, who is advance man for the World's Carnival shows, has arived in this city for a short visit with his parents, Judge James C. McQuigg and Mrs. McQuigg.

Robert Johns of this city has gone to Stuttgart, Okla., to attend to his business interests there. He will be gone for two or three weeks.

The Booster team of the First Methodist church will play a Taylorville basketball team Tuesday night at Roley's hall. This in all probability will be the closing game for the Boosters, as they will soon have to close on account of the high school games.

Fired on Joseph Lasko During Melee.

Pana, Dec. 13.—Joseph Laske of Birch avenue, this city, is confined to his home with several severe gunshots which were inflicted by Nathan Finch in a general mixup in the neighborhood about 11 o'clock Sunday night. Finch is in jail on the charge of assault with a deadly weapon with the intent to do bodily injury. Both of the men are coal miners and have families. Lasko is about 40 and Finch about 50.

Finch, who is charged with the shooting, which he does not deny, was held in the city jail on $1,500 bond which he was not able to furnish, so was taken to Taylorville to the county jail Monday evening, pending his preliminary hearing. Finch was arrested shortly after the shooting, which took place at the Lasko home, by Night Patrolman Wm. Edmisson.

FIGHT STARTS.

The story of the affair is to the effect that the first clash between Finch and Lasko came when the former went to Lasko's home to stop a fight between the latter and Finch's son, both of whom had been drinking heavily.

A little later a stepdaughter of Lasko came to the Finch home, saying that Lasko was creating a disturbance and threatening to kill the whole family.

FIRED INTO LEGS.

Finch put one load in a double-barreled shotgun and hurried to the Lasko home, where he says he was threatened by Lasko, who had a hatchet. Finch took the hatch away, but as he was leaving the house again was threatened, when he fired, shooting Lasko in the legs.

TWO ARRESTED.

Police were notified by the residents of the neighborhood and they went to the Finch home and arrested Nathan Finch charging him with assault with a deadly weapon. Alva Finch also was arrested on a charge of fighting. He was let off by Judge Kelligar with a fine of 10 and costs which he paid and was released.

THAT Tanlac is a wonderful medicine for delicate children is conclusively proven by the remarkable results accomplished in the cases of the three children shown in this picture.

Little Blanche Blair, of Providence, R. I., age 13, gained 10 pounds; Regina McCabe, at right, age 9, of Scranton, Pa., gained 15 pounds; little Richard Leary, Jr., of Philadelphia, who was very delicate, is now in fine, robust health. The statements made by their parents are as follows:

Mr. A. M. Blair, residing at 20 Atwood street, Providence, R. I., said: "We are just so happy over the change Tanlac has made in our little girl that we can't do or say enough to show our appreciation. She had lost nearly 20 pounds in weight and looked so frail and weak that her mother and I were both almost worried sick over her condition. Since taking Tanlac, she has already gained 10 pounds, her color is better than it ever has been and she looks and acts like a different girl."

Mrs. Catherine McCabe, 414 Dickens Ave., Scranton, Pa., said: "The 'flu' left my little Regina in such a bad condition that I have no idea she would be with me now if it hadn't been for Tanlac. It is a mystery to me how she lived on the little she was eating and was so lifeless she never even cared to play with the dolls and toys she got at Christmas. Since taking Tanlac she is as hardy and well as any child could be and has gained 15 pounds in weight. I will always praise Tanlac for restoring our little girl's health."

Richard Leary, 2342 Palethorpe St., Philadelphia, said: "There is no doubt in my mind but that Tanlac saved my little boy's life. For two years I wouldn't have been a bit surprised to have seen him drop off at any time. He had stomach trouble and many a time the gas pressed up into his chest until his heart palpitated so I thought sure he couldn't breathe but a few more gasps. But Tanlac gave him back to us strong and well and we will praise it to our dying day."

The effect of Tanlac on the delicate stomachs of the young is one of the strongest evidences of its wholesomeness as well as its unusual merit. Although a powerful reconstructive, Tanlac contains no harmful ingredients, minerals or opiates wheih are so often found in other medicines. Being composed of the most beneficial roots and herbs known to science it is purely vegetable and can be taken by the most delicate children, and does not upset or injure the weakest or most delicate stomach.

Tanlac is sold in Decatur by the Decatur Drug Co., and by leading druggists everywhere.

ALLEGED AUTO THIEVES CAUGHT

Try to Make Their Escape Through Corn Field.

Sadorus, Dec. 13—On Sunday morning about church time the town was thrown into excitement by the arrest of three young men with a stolen car. On the way to their destination they ran out of cylinder oil. One of the alleged thieves, Allen Gray, who was known to Ernest Reifstack, stopped at the garage for cylinder oil. The trio having no money made an attempt to trade a spare tire for some oil Reifstack knowing that Allen could not possibly be the owner of a good Cadillac car, accused them of stealing the car and threatened to hold them on suspicion.

CAUGHT IN CORN FIELD.

This was too much for the young men who then tumbled out of the car in quick order and ran north through a corn field. Like a flash the alarm was given and dozens gave pursuit at once. They circled the section with cars on the look out for the culprits, and captured them On short order the sheriff and an assistant arrived on the scene, handcuffed the three together and conveyed them to Urbana.

Allen Gray is well known here Of the other two, one claims his home is in Michigan, the other in California. They claim to be strangers to each other. The car carried an Indiana license.

CHRISTMAS CAKES

By Sister Mary

Every hostess wants something a bit special for tea during the holidays. Tea and toast and fancy Christmas cakes surely add much to the hospitality offered to the chance visitor.

In many families there are recipes that have been handed from mother to daughter for these little cakes and the baking of the tea cakes was as serious a proceeding as the fruit cake itself.

These rules are all revised for up-to-date use but the cakes have unusual charm and delectability.

DROP PLUM CAKES.

Three eggs, 2 cups brown sugar, 2-3 cup butter, 4 cups flour, 1-2 cup sweet milk, 1 teaspoon soda, 1 teaspoon baking powder, 1 cup seeded and chopped raisins, 1-4 cup shredded citron, 1 teaspoon cinnamon, ½ teaspoon cloves ½ teaspoon allspice, 1 teaspoon nuting, ¼ teaspoon salt.

Cream butter and sugar. Mix and sift flour, salt, baking powder and soda Beat eggs with milk. Add dry and liquid ingredients alternately to first mixture. Add spices and fruit and mix thoroughly. Drop from the tip of the spoon onto a buttered and floured baking sheet. Bake in a hot oven.

AUNT THANKFUL'S SEED CAKES.

Three-fourths cup butter, 1½ cups sugar, 3 eggs, ½ teaspoon cinnamon, ½ teaspoon nutmeg, 2 tablespoons caraway seed, 3 cups flour, ½ teaspoon soda, ½ cup boiling water, ¼ teaspoon salt, 4 tablespoons milk.

Cream butter. Add sugar and spices. Beat eggs well and beat in gradually to the first mixture. Add the flour and salt. Add soda dissolved in boiling water and milk, if necessary, to make the right consistency to drop from the spoon. Drop from a teaspoon onto buttered paper and bake in a moderate oven.

YULETIDE WREATHS.

Two and one-half cups flour, ¾ cup sugar, ½ cup lard, ½ cup sour milk, ½ teaspoon baking powder, ½ teaspoon soda, 1 egg, ½ cup shredded cocoanut, ¼ teaspoon salt, 1 teaspoon vanilla.

Mix and sift flour, sugar, baking powder and salt. Rub in lard with tips of fingers. Add egg well beaten and soda dissolved in milk. Put on molding board, sprinkle with cocoanut and roll very thin Cut in with a doughnut cutter and bake 8 to 12 minutes in a hot oven.

CHRISTMAS JUMBLES

In this day when coffe so often takes the place of tea in the afternoon, jumbles could be served instead of cakes. This, recipe dates from 1830.

Two cups sugar, 1 cup butter, 4 eggs, 1 teaspoon soda, ½ teaspoon nutmeg, flour to make a soft dough

Cream butter. Add sugar Add eggs well beaten Disolve soda in a very little hot water and add. Add nutmeg and as little flour as possible to make a dough just stiff enough to roll. Turn on a floured board, roll half an inch thick and cut in half-inch strips. Twist two together and fry in deep hot fat. Drain on brown paper and dredge with powdered sugar.

A HAT YOU CAN COPY AT HOME

BY MARIAN HALE.

New York, Dec. 13—You're one of those lucky folk who has a gift with the needle and an eye for color. Then your between-season hat problem is solved.

Of course, you'll need a frame some sort of a turban effect which quite suits the lines of your face Next your material.

Duvetyn is excellent. However, according to your mood, you might use silk crepe or even brocaded silk.

But, if your eye for colors and line is not something you can absolutely depend upon beware of the figured things for your head!

Right at the center front embroider a sunburst, in some bright color smartly contrasting with the body of the hat. Then smooth across the front, smooth across the back and your ingenuity for draping must find soft becoming lines for the surplus of material at the side.

There now! A hat after one of Poiret's smartest models!

Hickory Nut Candy.

Boil two cups sugar and one-half cup water without stirring until thick enough to spin a thread. Flavor as desired. Put pan in cold water and stir mixture until it becomes white. Stir in one cup of hickory nuts. Turn out on flat tin and cut in squares when cold.

with white soap in warm water. Add half teaspoon borax to the rinsing water to bring back the stiffening Do not wring, but hang on the line to drip When almost dry remove from line and iron

PICTURE SHOWS TO PAY FOR VICTROLA

It just seems like the moment our evening meal is finished my family have to seek entertainment by going to some picture show, said a man to a salesman in the Scovill Victrola department.

I've been reading about your Victrola Music Club and I've decided to join and let a Victrola entertain them at home.

Pick out some comic monologues and dance music for the children some standard and sacred songs for Ma and I and some grand opera numbers for my oldest daughter who is studying music.

Why, do you know we figured that the amount of money, I am now spending on picture shows each week will pay the weekly Scovill Victrola Club payment on the Victrola and I'll be keeping my children off the streets—Adv.

MOTHER!

Move Child's Bowels with "California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an Imitation fig syrup.

Christmas Time--The Days of Realest Sport

"OFF TO the swimming hole" has been supplanted now by "Off to the hill."

The boys—gangs of 'em—are pulling the big bob sled out to the favorite hill and soon will take the downward scoot.

Christmas—the gift season—is coming. Your boy would welcome a sled, snow shoes, skiis or a toboggan.

When the boys finish their coasting they return to the club room to box, wrestle and swim. If you are contemplating buying gifts now why not get the boy boxing gloves or dumb bells or exercisers, a volley ball or swimming suit or wrestling trunks?

All these articles—and many others—are advertised today in the Christmas Gift Suggestions columns on the classified page—next to the last page of today's Review.

It is about the largest floor in the city and now that it has been put in good shape the dances given there every Saturday night should be more popular than ever.

Children Who Need Cod Liver Oil Will Take Vinol

Because it contains no oil, but does contain all the medicinal elements which have made Cod Liver Oil famous, together with vegetable iron and other up-building ingredients especially favorable for children. Many children in this city have been restored to robust health by taking Vinol, and we ask any mother who has a delicate child to try it on our guarantee that it is perfectly harmless, and if it does not help the child the druggist will return the full purchase price.

For a hundred years the medicinal elements contained in the cod's liver and oil have been regarded as the safest and best strength and body building medicinal agents known.

Many people, however—especially children—cannot take cod liver oil because of the nauseating oil.

In Vinol they get all the medicinal value of cod liver oil and emulsions in a delicious tasting form and entirely free from oil—agreeable to the most delicate stomach—therefore it is better.

If you have a delicate child, give it Vinol. Knowing that it has helped so many other children, you owe it to the child.

CHARLES LEE NEW HEAD OF LEGION

Unanimously Named As Commander.

C. LEAS WITHDRAWS

Then Elected to Vice-Commander.

Charles Lee was unanimously elected commander of Castle Williams Post American Legion, at the meeting Monday night, after Charles Leas had withdrawn his candidacy in favor of the new commander. Leas was then unanimously elected vice commander, when the only other candidate, T. V. Ramsey, withdrew in his favor.

Fred Hoyt was re-elected adjutant and Leo Bailey was re-elected Finance officer, both unanimously, for the third consecutive terms of office.

TO GIVE MEDALS.

At the meeting it was voted to confer upon each retiring commander of the post the "past commander's medal," and George Neustadt will have the honor of receiving the first one. Because of the splendid achievements of his administration it was also voted to make Commander Neustadt an ex-officio member of the executive committee for all future years.

The members of the executive committee elected were: Ed Hayes, Dr. R. L. Morris, Miss Gunhild Johnson, T. V. Ramsey, Ralph Tenney, David S. Oakes, and Jack Powers.

NEUSTADT REPORTS.

In his report as commander for 1921, George Neustadt summarized the activities of the post during the last year, calling attention to entertainment of the post commanders of this section of the state at the dinner given in honor of the "late lamented National Commander Galbraith," to the success of the American Legion play, "Heaven, Hell, or Hoboken," which set a new standard for amateur theatricals in Decatur; to the Legion's part in the memorial day services; to the success of the state convention of the American Legion; to the observance of Armistice Day; to the assistance given by the post in the recent Red Cross Roll Call.

OTHER ACTIVITIES.

He also gave a review of the more intimate duties which the post had performed, the military honors which had been accorded their comrades when they had been laid to their final rest; to the legion's work in co-operating with the Home Service of the America Red Cross, and the Woman's auxiliary, in aiding ex-soldiers in the filing and fighting of claims; to the work in athletics and in Americanization; to the splendid record of the post band.

"We should have greater good fellowship, wider acquaintance and more real comradeship among ourselves," he said. "I feel that we can go far in this direction, much further than we progressed in 1921, and I call attention to this because so much can be accomplished for the future welfare of the post along these lines. We have spent much time working for others, now let us use a little more time in getting acquainted with ourselves.

TABLET FOR WILLIAMS

"I belive it to be an immediate of our post to place a fitting tablet of bronze on the grave of our honored comrade, Castle Williams.

"If we, as members of this post are proud of it, and I think we may well be, let us not forget that the success we have attained has been due in a very large measure to the splendid support received from press and public, from citizens of Decatur individually and from their constituted authorities in the municipal government. Let us conduct ourselves so that we shall merit the continuance of this support for we shall need it more and more as the years go on."

OTHERS MAKE REPORTS

Vice Commander Jack Powers' report followed that of Commander Neustadt. The reports of Fred Hoyt, adjutant, Leo Bailey, finance officer; Leas and Simpson, sergeants at arms, came in order, followed by the reports of the chairmen of the various standing committees.

These reports brought out the fact that the committee on medical assistance has given 3,364 reliefs, 431 complete medical examinations, 82 hospital treatments in Decatur, and 85 hospital treatments outside of Decatur, to ex-service men during the past year.

HANDLE 600 CLAIMS.

Ed Hayes, chairman of the relief committee, reported that $7,028 had been spent in relief of ex-service men during the last year, and that the committee had handled approximately 600 claims.

Miss Gunhild Johnson chairman of the Woman's Auxiliary to the Legion, reported that 700 calls had been made by the auxiliary upon the families of ex-service men in distress. She also stated that the Auxiliary had a clear balance of $400 in its treasury to be presented to the legion for the erection of some memorial club rooms as suggested by the organization.

SHOW PICTURES.

Motion pictures of the American Legion parade which were taken during the state convention held here were exhibited. The Legion voted to appropriate $25 to the use of the state and national organization Christmas fund for needy members of the Legion. It also voted to affiliate with the Association of Commerce under the provision by which that organization is linking itself with the various civic bodies and clubs of the city.

Lieutenant Mundell, who is here doing recruiting duty for the Airm Mechanics School at Rantoul outlined work at that place.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known the world over for its healing effect on membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

4,000,000 PEOPLE

Annually use organic Nuxated Iron to build up red blood, strength and endurance.

There are thousands of people who are ageing and breaking down at a time of life when they should be enjoying that perfect health which carries defiance to disease simply because they are not awake to the condition of their blood. Without organic iron your blood carries no oxygen, and without oxygen there is nothing to unite with the carbon in your food so what you eat does you no good. It is like putting coal into a stove without fire. You can now obtain organic iron like the iron in your blood and like the iron in spinach, lentils, and apples from any druggist under the name of Nuxated Iron. Nuxated Iron also contains the principal chemical constituent of active, living nerve force: it is, therefore, a true blood and nerve food. It helps create and rebuild new and stronger red blood cells. It feeds the body the substances which nerve force must have to give it that vital, electro-magnetic power which is stored in the nerve and brain cells of man. Nuxated Iron often increases the strength and endurance of weak, nervous, rundown men and women in two weeks time. The manufacturers guarantee successful results to every purchaser or they will refund your money.

Future for Decatur

THE DAM A REALITY

A lake fourteen miles long and three-quarters of a mile wide giving a water supply sufficient for 150,000 persons, created in 1921 by Decatur

NEXT:

More Hard Roads.
More Parks and Playgrounds.
A Forest Preserve.
Development of the City Plan.

LAST CHANCE MAY GO BY.

The special committee of the Association of Commerce that inquired into the question of resurfacing and repairs for Decatur pavements urges that a plan for the repair of wood block streets be worked out and brought into effect "as soon as the finances of the city will permit."

One has doubts that this recommendation will fill the bill. Of course it is hard to see how work is to be done before finances will permit, but there is work that will not wait. Some of these wood block pavements look as if they come under this list.

At times when one walks down West Main street he gets an impression that the pavement is fast going to pieces. Street repair people come along and chop away some of the top, leaving room for what is left to settle back on the foundation. Later there is another soaking rain, and the same thing must be done again.

It is not certain that the street will stand many more treatments of this kind. There is danger that some day it will be discovered that pavement is hardly worth taking to the makeshift repair shop again.

It does seem that something worth while can be done by getting on the job at once and relaying this pavement as the thing should have been done in the first instance. Also it begins to look somewhat like a last chance.

POOR OLD HIP POCKET.

Reports indicate that people who live in St. Louis are mighty gunshy. A young fellow, looking like a desperado, stepped into a garage in that town and robbed the till of about $200. He didn't pull a gun to do this, but he did hold a hand on a hip pocket he happened to have with him. The police are now looking for this bandit, and they are sure he was unarmed when he did the deed.

One reflects that perhaps it is not enough to have legislation against carrying a weapon, to this we may have to add a clause forbidding the wearing of hip pockets. It is too bad this development is coming along, for we are just beginning to learn some use to which to put these pockets.

But the hip pocket has always played in rather hard luck in legislation. A few years since we were told to leave the gun at home, and then there was an empty pocket on the hip, but after a short while some folks learned to use it to carry a bottle. Along came Mr. Volstead, and then the bottle had to be discarded; again the hip pocket was empty. Some folks are learning to carry a pocketbook there, but several varieties of taxation may make this useless.

Somebody please do something for the protection of the hard-ridden and distressed hip pocket.

SUSPICION MAKES IT WORSE.

How did Tommy O'Connor manage to make his escape from the jail in Chicago? The performance seems to be an impossible one; you would not think it could be attempted by a man in his senses. And yet O'Connor tried it and got away with it.

The first natural feeling on the part of authorities in Chicago is that this wasn't a genuine and honest getaway, that it must have been accomplished through aid lent by guards in the jail. This is the opinion of Chief Fitzmorris, and the state's attorney seems to be of the same mind; and there are indications the sheriff has grave suspicions. The reason for all this is that the job was too big to be accomplished by anybody, unless there was collusion on the part of guards.

But it doesn't help the situation much to be told that guards can be tampered with and made to turn loose as desperate a character as O'Connor. It might be more reassuring to read that O'Connor actually accomplished the impossible.

MAY USE THE PRECEDENT.

There is a recommendation to congress that Cape Cod canal be purchased by the federal government at a price of $11,500,000. It is assumed that at present the improvement belongs to the state of Massachusetts, also that the money invested in it was well spent.

It is true that if the federal government does not buy the canal it will stay right where it now is and will render service for all of us, but at the same time perhaps it is too much to ask Massachusetts to make all this special contribution to the common cause.

Some of us are inclined to look on the proposition with favor for another reason. In our own state of Illinois there is always some urge to get us to put twenty to forty millions into a deep waterway ditch between Lockport and Joliet; there is always the possibility that some day this urging will get us under the ribs.

Then possibly there will be some chance to sell the improvement to the federal government.

NO END TO THE THING.

Farm owners and tenants have met in Christian county and have reached some conclusions. They have resolved that the owner of the farm should have a fair return on his investment, also that the tenant should have a reasonable return on his contribution to the crop production.

In this connection there is some curiosity as to what they would call a fair return on land investment. If they put this at 7 per cent it is something that can't be made to work. It happens that land selling at $200 an acre and returning $14 net at once jumps in price, say to more than $300. The neighbors and others are ready to take the land on a basis of little more than 3 per cent net.

It may be said the neighbors stand ready to pay too much. This can be admitted, and yet the big fact and the large difficulty remain. They will pay it—call it too much if you care—and the price they will pay will be said to represent the investment the owner has in the land. If he is assured 7 per cent on this the price will double again. This would lead us to the jumping-off place.

SHOULDN'T BE DONE.

Illinois College at Jacksonville has wiped the name of Millikin off its sports schedule. The reason given is that Millikin has indulged in "unsportsmanlike" conduct touching a recent proposed football game.

One feels that an institution of higher learning should be very slow in making a charge of this kind against another. In some lines of professional sport there are votaries addicted to grouching when things go wrong; these are called "squealers," "welchers" and "shoestrings." These terms mean about the same as "unsportsmanlike" when employed by the elect.

There was no sufficient reason why Illinois College should have fallen out with Millikin over that football game. Somehow the thing doesn't look good. There may have been disappointment, but one little attack of this is not the end of the world.

LEAVE SOME SALVAGE.

Reports coming from different quarters indicate that some of the women folks are getting uncomfortably belligerent. This may lead to something that will not be generally relished.

In rioting in Chicago last week those in command of the police told that the women were the worst customers they had to deal with. This week we read that in the God-fearing state of Kansas 2,000 women marched upon coal mines and put a stop to all work.

In these instances the women were rough, very rough. It looks as if they took advantage of some feeling of chivalry still extended to the sex. But this is something that can't be played often, it won't wear. It will be too bad to have this feeling driven from the world, and one wishes the women would appreciate this.

NOT FOOLISH ABOUT IT.

A lawyer in France has asked for a commission to inquire into the sanity of Dr. Landru, charged with murdering ten women and a boy and sentenced to die on the scaffold.

Landru himself must have no faith in this application. He says: "The battle is lost, as Francis the First was wont to say."

In this matter of commissions to inquire into sanity they are not as easy as people here in America. The French say that Landru killed the women, therefore he should pay the penalty. The killing being proved, French folks feel there is only one more short chapter, to usher Landru out of this world, where he neither belongs nor fits.

Of course it is generally understood and appreciated that the D. H. S. doesn't get its stride in basketball until after the Christmas holidays.

Counting eating places in this town, we almost forgot to include Mont Peniwell, and he sets out 30,000 meals a year.

California will please take notice that Illinois roads are reported a delight here in the Garden Spot in December.

Will some of the impressionable poets please spring a few verses to help celebrate this balmy December weather?

If the Staley players will come home we will try to furnish them better weather than they get in Chicago.

The crowds you see on the streets these days are real shoppers, and they have the price with them.

If you must play poker you had better get a storm cellar and pull the hole in after you.

Is it in order to remark that a garage might make a suitable Christmas gift?

THE BOY'S IDEAL.

I must be fit for a child to play with,
Fit for youngster to walk away with,
Fit for his trust and fit to be
Ready to take him upon my knee;
Whether I win or I lose my fight,
I must be fit for my boy at night.

I must be fit for a child to come to,
Speech there is that I must be dumb to,
I must be fit for his eyes to see,
He must find nothing of shame in me,
Whatever I make of myself, I must
Square to my boy's unfaltering trust.

I must be fit for a child to follow,
Scoring the places where loose men wallow;
Knowing how much he shall learn from me,
I must be fair as I'd have him be;
I must come home to him, day by day,
Clean as the morning I went away.

I must be fit for a child's glad greeting,
His are eyes that there is no cheating;
He must behold me in every test,
Not at my worst, but my very best;
He must be proud when my life is done
To have men know that he is my son.

Ten Years Ago Today In Decatur

DECEMBER 13, 1911.

The big ash tree that stood for years in front of the Waltz building at 347 North Main, and one of the few left in the business district, was cut down. The tree was dead.

There was a very heavy fog and some of the teachers and children in the new Oglesby school at the north edge of the city did not find their way to school until 9:30 oclock. The school had just been opened a few days.

—:—

J. F. Dowell was re-elected clerk of Easterly Camp, No. 1626, M. W. A. over J. Fred Richter.

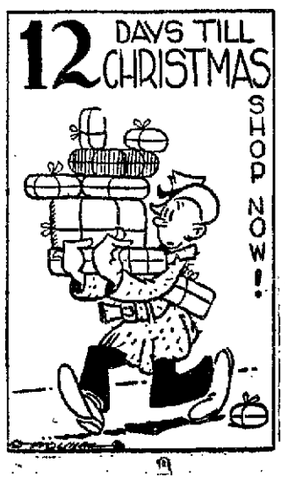

TWENTY YEARS AGO TODAY.

Frank Suffern was arranging to build a big rice mill at Roaroke, La., with a capacity of 1200 barrels a day.

—:—

The Salvation Army was preparing to serve 600 children at the annual Christmas dinner in the army hall, 249 East Main street.

Senate Looks For 3 More Treaties From Arms Parley

China, Naval Ratio and Pacific Bases Subjects for Agreement.

By Mark Sullivan.

Washington, Dec. 13—Your correspondent is familiar with the views of the more important of the so-called irreconcilable senators. It is not likely that there will be formidable opposition in the senate to the four-power treaty adopted on Saturday at the arms conference. At the same time, it is apparent that the irreconcilables would like to defer judgment, and would prefer not to go on record until after the other treaties come out of the conference. They regard the conference as a unit, and would prefer, if circumstances permitted, to pass judgment and take action on its results as a whole.

EXPECT THREE MORE.

It is probable now that as many as three additional treaties will come out of the conference in rapid succession. One will deal with the naval ratio and another will deal with China. A third subject is naval bases in the Pacific. Obviously, a naval ratio which is satisfactory as long as naval bases remain where they now are would not be satisfactory if new naval bases were erected, for example, by the United States close to Japan. This subject may be treated in a separate treaty, or it may be attached to the naval ratio treaty. There are other minor subjects which may form the basis of treaties.

PURPOSE OF AGREEMENT.

It is apparent that there were two reasons for bringing out the Pacific islands treaty first. One was that it got rid of the Anglo-Japanese alliance. This was the real purpose of the agreement. Under the terms of the old compact between Japan and Great Britain neither country could terminate the alliance except upon a year's notice. The present treaty terminates it without the loss of that time and upon a basis agreeable to both countries.

It was necessary to get the Anglo-Japanese alliance out of the way before final action could be taken either on the naval ratio or on China. A 5—5—3 ratio would not really be a 5—5—3 ratio as long as the alliance between Japan and Great Britain continued. It would be a 5—5 ratio.

GETTING THEM TOGETHER.

The other reason for introducing the present treaty first was an essential part of the tactics which have dominated the whole conference. It was an experiment in getting the nations to march in step. This was the easiest field in which agreement could be reached, and one successful experiment in harmony makes the next one easier.

Moreover, there are certain principles involved in the Pacific islands treaty which would have been more difficult to introduce in the later treaties. The agreement upon these principles in the present treaty makes it easier to press them in future treaties.

SEE SUCCESS.

No responsible person in Washington has any anticipation other than a completely successful outcome for the conference. The most difficult problem is China, but even in that field much more progress has been made than is commonly realized.

SHELBY SUIT TO APPELLATE COURT

Police Arrest Another Alleged Gangster.

Shelbyville, Dec. 13.—The Shelby county circuit court convened again Monday and the work of the court was under way again.

In the case of the Kyton Oil and Gas company against Parks, a suit to recover a note given by Parks in payment for stock in the company, the court held against the contention of the defendant that it was a violation of the Illinois Security act and awarded the plaintiff judgment for $230.29 and costs. The court held that instead of the transaction being a sale of stock, it was merely the issuance of stock upon a voluntary assessment against all members. The defendant prayed an appeal to the appellate court, which was granted upon bond being filed in thirty days and bill of exceptions filed in ninety days.

A decree to quiet title was filed on Monday in the suit of Samuel Sanner against James I. Fleming. Master's report and evidence were filed and approved.

Drue Harrison was granted a divorce from her husband, Arthur L. Harrison, on grounds of desertion. She was given the custody of the minor children.

CATCH ANOTHER.

The ninth alleged member of the gang of automobile thieves who have been operating in this vicinity was arrested in St. Louis Friday, according to word received by Mattoon police. They are holding Bert Matthews of Mattoon, there, awaiting instructions. Matthews has spent the greater part of his life in Mattoon, but has been in St. Louis for the last two months.

FOR BETTER ENGLISH.

The superintendents and principals of the schools of Shelby county met with Prof C. B. Guin in the circuit court room Saturday to discuss problems relative to the schools and to make plans for the correlation of high school subjects. With the exception of three schools the county was well represented. The chief subject under discussion was the adoption of a uniform course of study in English. A great deal of confusion has been caused by students changing from one school to another, as the English classics assigned to the various schools were not the same.

This is especially true of the Shelbyville high school, students entering for the fourth year work already having studied the work assigned here in the two or three-year high schools. It was then necessary to change the course of study or have these students study the classics a second time. By arrangements made Saturday the same course will be used in all the schools of the county.

THE COURSE.

First Year—Julius Caesar, Stevenson's Treasure Island, Lady of the Lake, Merchant of Venice, Ivanhoe, selections from the Old Testament, Pilgrim's Progress, Sketch Book Essays, Little Dorritt, Last of the Mohicans, David Copperfield.

Mr. and Mrs. W. C. Kelley have rented the Stairwalt property in the 2100 block on North Chestnut street and are moving there to make their home.

Mr. and Mrs. L. Harper Kelley have moved into their new home on North Long street.

NATHAN SPEARS DEAD.

Nathan Spears died at 11:30 Sunday night, passing away on his eighty-fourth birthday. His home was on South Fourth street. A complication of illnesses from which he has suffered for several years caused his death. Mr. Spears was a native of Lowell county, Ohio, and married Miss Beulah Chapman more than sixty years ago. Shortly after their marriage they came to Shelbyville, where they lived for eight years, and then moved back to Ohio. Thirty-five years ago they came again to Shelbyville and have lived here since that time. Mrs. Spears died March 6, 1912.

Mr. Spears is survived by the following sons and daughters: William Spears, Peoria; Ellsworth Spears, of Shelbyville; Mrs. James Snapp, of Findlay; Mrs. George Barber of Decatur; Mrs. George Benefiel, of Shelbyville; Mrs. Lafe Hale of Rinard, Ill. Henry Spears of Champaign is a brother, and there are seventeen grandchildren.

The funeral services were held Tuesday afternoon, conducted by the Rev. J. E. Kieffer. Burial was in Glenwood.

VANDALIA MAN DIES OF INJURIES

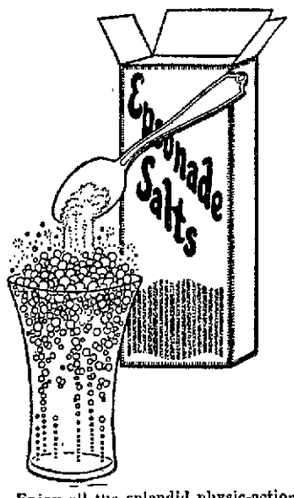

C. H. Mills Victim of Auto Accident.

Vandalia, Dec. 13—C. H. Mills, 50 years old and a well known business man of this city, died at his home Monday afternoon, from injuries received in an automobile accident Nov. 30. At that time he was struck by a car driven by Robert Sturgis, who claimed that he did not see Mr. Mills on the street. The latter was painfully injured, but it was not thought his condition was serious until Monday, when he became worse and died. It is believed a fractured rib punctured his lung.

For some years Mr. Mills has been employed as salesman for the plumbing house of Oglesby & Mannen, and has been held in high esteem by his employers and others who knew him. He is survived by his mother, Mrs. Lucy Mills, his wife and four children. The latter are Mrs. Carl Dieckman, Fay B. Mills and Mrs. Harry Sweet, all of Vandalia, and Mrs. Jessie Cox of Indianapolis, Ind. One sister, Mrs. Ed Leever of Hagerstown Ill., also survives.

Little Benny's Notebook

We had chicken for supplr today on account of having compinny, being Mr. and Mrs. Hews, and ma started to carve its diffrent parts off, saying, Now, Mrs. Hews, wat part do you prefer? Me thinking, G I hope she dont say the drum stick.

Reely, its immaterial to me, Im jest as satisfied with one part as another, a 2nd joint, if you dont mind, and a toutch of the brest, sed Mrs. Hews.

And you, Mr. Hews, wat part can I help you to? sed ma.

It doesnt make the slightest diffrents I assure you, I think Ill have a drum stick for old time sake, sed Mr. Hews. Me thinking, Heck, O well theres 2 drum sticks.

Wat will you have, Willyum? sed ma, and pop sed, O, enything, I dont care, give me the other drum stick and some brest.

Making me feel verse insted of better, and my sister Gladdis sed, Enything will do for me, mother, Im not particklar, give me the other 2nd joint and a little of the brest.

Wich ma did, saying, Persinally I dont care wat part I eat myself, its a matter of indifferents to me, Ill take the 2 wings and a morsle of the brest.

Wich by that time nuthing wasent left but the neck sticking up as if it thawt it was as good as enything elts, me looking at it sad on account of knowing who was going to get it, and ma sed, Now Benny its your turn.

Its mutual to me, Ill take the neck, I sed.

Making everybody laugh like everything and proving it was funny, but not making the neck taist eny better.

LEE PAPE.

About Town

That "Nobody loves a fat man" is no longer true is proven by the experience of a Decatur man whose striking resemblance to Cupid-or Kewpie—has caused him to be spotted by several panhandlers in succession lately and he, becoming convinced that there was some mystic sign about him which attracted these knights of the hand-out, asked one of them recently why this constant attention on the part of his hungry fellow men.

He had been asked by three men in succession in one day for enough money to get something to eat. He had made it a rule never to refuse to help a man who said he was hungry but this steady repetition ruffled him until he was impelled to ask the last man—

"Why do you birds all pick on me? What's the reason that I am so signally honored by your attention?"

The answer he received was a good essay on "The Psychology of Panhandling."

"We prefer to tackle a man who appears to enjoy his food. The dyspeptic, wizened, skinny, sour-faced individual is less likely to sympathize with our needs. A man whose stomach makes him wish he never had to eat again is not as likely to be moved to help us as a man who knows the joys and pleasures of eating. The fat man shows that his food digests; that he enjoys eating; that he would be in woe immediately if he should miss a meal.

"If he has any imagination, and most men of that type do, as they are usually genial, companionable fellows—he subconsciously sympathizes with us in our emptiness and he usually helps either by actually buying a meal or giving us the money with which to buy it. Yes, sir, you may junk the old saying that 'Nobody loves a fat man.' He is our bright and shining light, our haven of refuge, our ever present help."

The Happy Cavalier.

In a cheerful play of the Seventeenth century introducing the famous Nell Gwynne, the actress, as one of the characters, Fiske O'Hara appeared at the Lincoln Square theater Monday night as the leading character in "The Happy Cavalier" during the production of which he was given an opportunity to sing a number of Irish songs to the vigorously expressed delight of the audience.

"The Happy Cavalier," with its thatched hut, its old fashioned china and furniture to correspond with the period in which the play is set, is a romantic comedy of the well known Irish type and Mr. O'Hara had really very good support, particularly by Leslie Rice as the charming "Mollie O'Brien," the bewitching young granddaughter of the duchess whom she shocked by marrying Owen Delane, a commoner, and by Anne Bronaugh, the leading woman, as "Norah Breen."

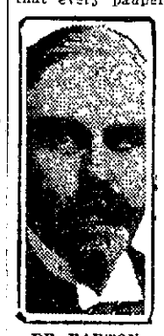

The impudent Nell Gwynne was played quite satisfactorily by Mary Louise Malloy.

Between the second and third act Mr. O'Hara made a short curtain talk which he ended with the singing of "Laddie Buck of Mine."

"I'm always in Love With Some One" had a refrain and swing which appealed strongly to the listeners and they went away humming it as the curtain fell on the last act with Mr. O'Hara singing theme of it.

Your Worth

By DR. WILLIAM E. BARTON

DR. BARTON.

Before the war England estimated that every pauper cost the government or the community supporting the pauper $6000. On the present scale of living that cost would be greatly increased.

Paupers are rather long-lived. When a man goes to the poor-house and accepts the situation without further mental protest, he eats as much as is good for him and has clothing and shelter sufficient for his simple comfort.

Probably the average American of 40 or 50 has cost ten times as much as the British pauper. Between the payment of the doctor and the nurse at one end of life and the doctor and the undertaker at the other end lies for the average American I judge not less than $100,000 which somebody has to pay.

The average man must be worth this sum to the community, or the community would long ago have gone bankrupt. The average man produces more than he consumes; he is an asset instead of a liability to the community.

But that is not true of every man, nor is it true of any man who merely balances his own account during the years of his productivity. The man who, during the year when he is earning money, consumes his earnings for himself, is a pauper. He owes the community for his care during the first 20 years of his life and he will be still further in debt to it for his care in his last years.

You have cost society up to date, let us say, about $100,000. Have you put back into the assets of human life $100,000 over and above your keep? Has your constructive labor added that amount to the tangible assets of the human race?

If not, you certainly do not deserve to be buried in a metallic coffin; the world ought to have at least the fertilizing value of what will be left after you have wasted so much of what you really owed humanity.

The man who merely pays as he goes may deceive himself; but he is not really paying the expense of his own board. He owes more than that.

Any man is a grafter whose income is larger than his service to the community.

OLD RESIDENT OF TAYLORVILLE DIES

D. V. Martin, Long Prominent in Business There.

Taylorville, Dec. 13—Devery Van-Buren Martin, aged 81 years, former mayor and supervisor here, died at 1:10 Tuesday morning at St. Vincent's hospital, where he had been for the last two weeks. He had never been bedfast, but had been in failing health.

Mr. Martin was born in Harrison county, W. Va., July 6, 1840, the son of John B. and Mary Ann Martin. At the age of sixteen he began the study of medicine, but continued it only two years. In 1861 he rode horseback to California. During the war he drove a government wagon train, and in 1865 returned to West Virginia.

In 1870 Mr. Martin came to Illinois and settled at Dorchester, Macoupin county, where he enagged in the live stock business. In 1876 he came to Stonington and engaged in the livery business, and four years later moved to Taylorville, which has since been his home. Here he first conducted a livery business, but a little later sold out and became a partner with his son, F. B. Martin, in the furniture business. From this he retired about five years ago.

MARRIED IN 1871.

On May 22, 1871, Mr. Martin married Miss Mary Ann Wayne at Dorchester, and four sons, John, Frank, Lon and Harry, were born to them. John died at the age of seventeen years.

Mr. Martin was long a member of the Methodist church, and had served the community in various capacities. He was mayor of the city, and supervisor of the township, and for several years was school director of the East school in this city.

KINCAID ROBBERY TRIAL POSTPONED

$96,000 Case Goes Over Until Next Week.

Taylorville, Dec. 23.—The Case of the Lockhards, charged with conspiracy and grand larceny, growing out of the Peabody Coal Co., payroll robbery, Aug. 13, originally set for Monday, was cancelled and either will be set for the week beginning Jan. 9 or go over until the March term of court. Col. J. J. Bullington of Belleville, representing the Lockhards was unable to be present now.

MUCH INTEREST.

A great deal of interest centers around this case, as the defendants are well known here. Jerome Lockhard, one of the defendants, was a deputy sheriff, at the time of the $96,000 robbery, and was supposed to be guarding the payroll when it was siezed.

DIES IN HOSPITAL.

Mrs. Leona Stewart Dean died Sunday night at St. Vincent's hospital, following an illness of five days. She was aged 21 years, eight months and nine days. She was united in marriage to Leroy Dean of Chicago in 1919. To this union was born one child, Mildred Stewart Dean, who survives. She also is survived by her parents, Mr. and Mrs. Charles Stewart, one sister and three brothers.

The funeral will take place at 2 o'clock Wednesday afternoon at the family residence south of this city. Rev. Fleming Gray of Litchfield will officiated, with burial at Oak Hill cemetery.

DELIA BOWLES DIES.

Mrs. Delia Bowles, formerly of Owaneco, widow of the late J. M. Bowels, who died sixteen years ago, died Sunday at the home of her son, Isaac Bowles in Missouri.

Mrs. Bowles was 89 years old and left here about a year ago.

She was born near Cincinnati, Ohio, and at the age twenty came to Christian county. Several years later she was married to M. Bowles. Three children survive.

The body will be brought to Taylorville for burial. The funeral arrangement will be completed upon arrival of the body.

MARRIED IN CHICAGO.

Word was received here Monday that Earl Burchfield and Miss Elba Klobouenic of Chicago were married in Chicago Saturday night. The bride has visited in Taylorville a number of times, being the guest of the Burchfield family.

Mr. Burchfield is the son of Mr. and Mrs. Price Burchfield and is at present at the U. S. naval station at the Great Lakes. They will make their home in Chicago.

MARRIED SIXTY YEARS.

Mr. and Mrs. S. H. Tolle celebrated their 60th wedding anniversary Monday night, at their home, with the help of their nine children, twenty grandchildren and seven great-grandchildren. Mr. Tolle is 87 and his wife 77, and both are in good health. They have lived in Taylorville the last forty years. They were married Dec. 12, 1861, in Kentucky.

Arrangements are being made to drill at Owaneco for oil. A survey will be made by geologists Thursday. The Locust Creek oil and gas Lease and Royalty Co., of Owaneco is back of the work.

DECATUR BICYCLES IN SPRINGFIELD

Two Men Arrested There Monday Confess.

Roy Taft and Robert Gibson two young men from South Dakota, were picked up by the Springfield police Monday evening. Each had a bicycle in his possession, and they confessed to stealing the bicycles at a school house in Decatur. Sheriff Penlwell will send to Springfield after the young men. Five bicycles were reported stolen in Decatur Monday, so the officers do not know who are the owners of the two bicycles picked up in Springfield. They will probably be quickly identified after being brought back to Decatur.

Fined $100 and Costs.

Peter N. Apostolos, proprietor of the Union Market, 445 North Water street, was fined $100 and costs by Justice John T. Lloyd Monday for keeping a gaming room. Peter got away when the police raided his place Sunday night and arrested ten men playing poker in the ice box.

Millikin Opens With Eastern Normal Five

Blue and White Quintet With Five Vets Will Inaugurate Cage Season Here Tonight.

BY HOWARD V. MILLARD.

When Captain Paul Bailey leads his blue and white varsity team out on the floor tonight for their first game of the season with Eastern State Normal of Charleston there will be a few strange faces from a basketball standpoint.

Besides the doughty little leader from Michigan Wann will show four other letter men in Curl, Hiser, Bailey and Wallace. He will be able to start a veteran in all five positions for the tip off.

While the locals will not be as formidable looking as they were this time last season several of the men have been showing a big improvement. Bailey is as fast as ever while Barry has been working on his passing which should make him a better college player than he was in 1920-21. The Canton boy played great ball in his prep school days and should make Wann a valuable man before completing his college course.

GOOD FORWARDS.

Curl and Hiser have both been showing rare ability at the net in the early work outs. The former is one of the most dependable shots on the squad while Hiser is likely to break loose for six or eight beauties at any time.

Under the strain of competition from Walley the D. H. S. man and Staley of Mt. Vernon who is ineligible at the present time, Wallace has been showing better basketball than he did last season.

Wayne Bowman the southpaw from D. H. S. is also going at a merry pace and according to the dopesters out Millikin way will be in there many games this season.

Other possibilities are Miller Forsyth, Barnes, Bacon, Ping, Colliflower, Taylor, Spitz and Seago. Miller is one of the best prospects in the lot but is having some trouble getting his eligibility straightened out.

NO EASY FOE.

Coach Wann impressed upon his men Monday at practice that Eastern Normal was not to be the easiest kind of a proposition for the first game and that they would be able to put up a mighty formidable front.

Lantz has some well known tossers on his team besides last years five intact and hopes to surprise the locals.

The Varsity tilt which should get under way at eight o'clock will be preceeded by a curtain raiser which brings the J. M. U. Reserves in action against the Decatur Hounds. Barnes and Miller aresiated to be the forwards. Staley center with Ping and Bacon at the defense posts.

Jack McCord of Bloomington a Western Conference official will be on the job with the whistle.

CONFLICTS SCARCE FOR GRID CHARTS OF D. H. S. AND J. M. U.

Muir Will Not Stage Any Saturday Morning Games Here Next Season—Secures Good Contests.

Coach Muir of Decatur high must be a mind reader. The red and white director started several weeks ago to line up his football dates for 1922, without even looking at the Millikin schedule or consulting Coach Wann of the blue and white school.

Result! There is only one date where the at home games of the two schools conflict and it will be possible for Muir to stage this contest with Peoria Central on Friday.

Local fans will be glad to hear this bit of news, for two games of football on the same day, and especially where one contest is played in the morning, as has been the case with most D. H. S. games where conflicts arose, is too much of the grid sport.

HAS NICE CHART.

Muir is going to have one of the local prep school and with Mattoon, Peoria Central, Danville and possibly a Chicago team to furnish the big at home battles, the preps should receive some good support.

Urbana and Springfield are the teams under contract for games on their field while Bloomington will also be given a game to the Evergreen City if possible to arrange a date.

TWO YEAR CONTRACTS.

In the case of Urbana, Danville and Springfield two year contracts have been signed. Just what Chicago team will be secured for the game here Nov. 18th is not known at this time but Muir has hopes of securing one of the Windy City elevens.

With a large number of this season's team back Muir is expecting to show a strong front. Many of the boys will take on considerable weight between now and next football season while their experience gained this fall will prove invaluable to them.

CHART TO DATE.

Oct. 7—Open (probably home game)
Oct. 14—Mattoon at Decatur.
Oct. 21—Decatur at Urbana.
Oct. 28—Peoria Central at Decatur.
Nov. 4—Open (probably Bloomington there).
Nov. 11—Danville at Decatur.
Nov. 18—Open (probably Chicago team here).
Nov. 25—Open.
Nov. 30—Decatur at Springfield.

CENTRE REFUSES NOTRE DAME GAME

Says Contract Calls for an East vs. West Game.

Danville, Ky., Dec. 13.—Declaring that the contract calls for an East versus West game, Centre College athletic officials Tuesday are awaiting a reply from the San Diego Chamber of Commerce to a telegram sent by Centre last night, in which it declined to meet Notre Dame in San Diego on Dec. 26.

The faculty athletic committee, in announcing its decision, said Centre was in no way prejudiced against Notre Dame but took the view that nothing was to be gained in an East vs. East game.

Meantime Coach Moran is going ahead with preparations for the game. He is working the team out daily and "Red" Roberts, recently elected captain for next year, is being given plenty of leeway at left end.

Covington is alternating at quarterback with McMillin, whose shoes he will attempt to fill next season, this being the last game for McMillin in a Centre uniform.

The Colonels are slated to leave for the West on Friday morning.

Season Ended Saturday.

The quail season came to an official end last Saturday and reports from many of the hunters say that it was one of the best in several years. If the winter is not too severe there should be even more of the feathered tribe next year.

BRADLEY SECURES GOOD SCHEDULES

Peoria School Booming Under A. J. Robertson.

One of the minor colleges in Illinois to show a big revival of athletic spirit is Bradley Poly of Peoria and while the Tech school is not in the I. I. A. C. they have lined up some classy schedules for their teams.

The Robertson team will play a very heavy as well as classy list of basketball contests this season while their football chart for next year shows nine conference schools on the list and one date being held open for a game with Wabash if possible to line the Indiana eleven up. Track is also to be given a lot of attention by the Poly school and it looks like a great year.

COACH RESPONSIBLE.

Much of the success of the ability of the Peoria school to come to the front is due to A. J. Robertson, the old Montana quarterback and by the way considered one of the best all around men ever turned out of the Rocky Mountain territory.

If Bradley is able to keep him next season they should enjoy even greater success although it is known that several state and one out of the state institution have their eye on the Bradley mentor.

Set Quincy Record.

Quincy, Ill., Dec. 13.—A new local record for team bowling in a league match game was set last night when the S. P. C. A. quintet totalled 1,048 pins. The lowest score was 194 while one pine separated the high men, the scores being 221 and 222 respectively. The team could not keep up the pace in the next two games getting scores of 877 and 863 for a total of 2,788.

Want Games.

The Mt. Zion Presbyterian church has organized a basketball team and would like to have games with Decatur Sunday school teams and also high school and independent teams in Decatur and elsewhere. Those desiring games can write W. E. Coombe, Mt. Zion or call Ralph Evey, Mt. Zion, phone 6 on 13.

MAY ADOPT YEAR AROUND CONTRACT

Many Problems Confronting Baseball Magnates.

[By the Associated Press]

New York, Dec. 13.—Revision of the rules governing baseball were contemplated when officials of the National League of baseball clubs met in annual convention here Tuesday. The owners and managers professed fatigue over the annual holdout epidemic and efforts were expected to so arrange things that when a star player goes off in a corner and pouts for more pennies it will be possible to give him a good spanking and make him go to bed. There was under consideration a new contract under which players would be signed for 12 months instead of the playing season.

WANT PRICES FIXED.

John Heydler, the National League president, said he would propose the fixing of a limit on the prices to be paid minor league clubs for players sold to majors. Other officials of the senior circuit said they favored such a proposal because they were of the opinion that the high prices demanded by the minors were causing dissatisfaction and were a menace to a continuance of the drafting rule.

Some of the owners declared they would propose elimination of the rule preventing world series players from barnstorming, the clause that caused George Herman Ruth, Robert Meusel and William Piercy to be deprived of their world's series money and to be suspended for about six weeks of the 1922 playing season. Other officials asserted their desire for a rule that would curb the use of pinch hitters.

RESERVE AND OPTION.

The present arrangement regarding players on the reserve list and players out on optional agreement also was slated for argument. The major leagues are at present permitted to cary 40 men on the reserve list and 8 on optional agreements. They want the limit raised, respectively to 50 and 12. President Toole of the International League said yesterday that his league would have no objection to such increases, but it would like to see the big fellows try to keep measurably near, at least, to the limits designated.

PRACTICE TILTS FOR ILLINI MEN

Meet Wesleyan Friday and Knox Saturday.

Urbana, Ill., Dec. 13—Coach Winters is whipping his basketball squad of twenty-five men into shape for the opening games of the season this week-end. Friday night Illinois Wesleyan invades the Illini camp and Saturday night Knox College will show her wares.

The Illini basketmen have been engaged in fast scrimmage practice for the past two weeks and should be in good fighting shape for the opening games. The squad has been divided into four teams in the practice sessions and it is possible that coach Winters will use all of his men in these practice contests.

FOUR VETERANS.

Captain Carney, Walquist, Sabo, and Collins, of last season's team, are showing up well in the trials. Carney, who has been slowed up considerably with a bad knee, is back in running form. Walquist is a clever floor man and one of the most reliable forwards on the squad. His two years experience in Conference basketball should work to his advantage. Sabo and Collins, are two dependable guards who show cleverness both in offense and defense. Danielson, Bates, Tabor, and Gipson, utility men of last season, will undoubtedly be in the line-up during the season. Gipson is a rangy center who has been going at a tremendous pace in practice work, both in basket shotting and floor work. Of the nine candidates of last year's Freshman team, several are showing Varsity form in scoring ability and in advancing the ball.

The squad will be reduced in about a week and the players selected will enjoy a short rest and be back in time for the vacation practice games with Millikin and Notre Dame.

WILSON SUCCEEDS PEDEN AS CAPTAIN

End Takes Place Made Vacant By Ineligible Halfback.

Urbana, Ill., Dec. 13 — David D. Wilson, right end on the Illinois 1921 football eleven, was elected captain of the 1922 team to fill the vacancy caused by Don Peden's ineligibility, at a meeting of football players this afternoon.

Wilson did not win a regular berth on the team until the middle of the season this year because he was handicapped by weakness resulting from a triple operation, which was performed early in September. His game against Ohio was largely responsible for his election.

SCORES ANSWER DAILY PUZZLE

Review Awaited in All Corners of Decatur.

CHILDREN LIKE IT

Telephones Ring Early and Late in Office.

That the Review covers the city like a blanket to this effect is found in the answers to the geographic puzzle carried every evening. Evidently the children are waiting for it for it is not long after the big machine in the press room starts ticking off its count, that the telephone in the editorial rooms starts ringing. It rings incessantly until the last of the force starts home and it starts ringing again just as soon as the first member arrives in the morning.

FROM EVERY CORNER.

By 5 o'clock Monday evening, just two hours after the press had started, answers had poured in from far and near and every corner of town. At that hour about thirty answers were in and they came from the 800 block West Grand, from the 1600 East Johns, from the 2000 block North Water, from 500 South Jackson, from 2400 East North, from 1000 North Railroad, from 1600 East Decatur, from 2000 East William, and so on.

Most of them came by telephone and other brought in the answer while some came by mail Tuesday morning. Monday night's puzzle was very simple and everyone guessing, scored 100, the answer being Galveston. School children calling in, not wanting to await the Tuesday evening Review to see if they were correct in their guess, invariably asked "Is my guess right?"

INTER-SECTIONAL GAMES ARRANGED

Illinois and California to Meet---East vs. West.

BY WALTER ECKERSALL.

Chicago, Ill., Dec. 13.—Following a conference held Monday at the Stratford hotel between George Huff, athletic director at Illinois and Andy Smith, successful gridiron mentor at California, football elevens representing the two institutions will meet at Urbana in 1923 with the return game at Berkeley the following year. Incidentally the struggle may be so arranged in 1923 that California will be the attraction when the memorial stadium is dedicated.

Besides entering into an agreement with Illinois, the California coach accomplished another purpose on a trip through the east. California and Leland Standford have entered into an agreement whereby the winner of the annual game will entertain either Yale, Harvard, or Princeton on the Pacific coast on each New Year's day.

TWO COAST TEAMS SPLIT.

In making the agreement with Stanford, Coach Smith asserted the California team's share of money received for each game on the coast will be divided between California and Stanford, while the visiting eleven will receive 50 per cent of the receipts.

Smith arrived in Chicago from the east, where he made personal visits to New Haven, Cambridge and Princeton. Definite assurance was received from each institution that it would accept the yearly invitation. The team to be invited need not be the strongest of the Big Three. The invitation will rotate in such a manner that each eastern team will make the journey in turn. The first of these games will be played on Jan. 1, 1923. If California is victor over Leland Stanford in next year's battle, the intersectional clash will be used to dedicate the new stadium at Berkeley. The structure when completed will seat 60,000 persons, according to Smith.

RULE BARS BIG TEN TEAMS.

Before entering into an agreement with eastern institutions, possibility of securing a western conference eleven to go west was considered. As the faculty committee of the Big Ten passed a rule forbidding post-season games at a recent meeting, the middle West was eliminated, although Notre Dame may be requested to make the trip at some future time.

Cornell and Pennsylvania were two other eastern elevens considered as opponents for the coast teams. Gil Dobie, mentor at Ithaca, who coached at Washington for years, told Smith flatly, he would not even consider the proposition, while Penn has not enough alumni in the west to make the game big enough.

M'LEAN COUNTY TO HAVE BIG TOURNEY

Largest County Event in State to Be Staged February 9-10-11.

Bloomington, Ill., Dec. 13.—Plans have been completed for the staging of the annual McLean county basketball tournament on the Bloomington high school floor Feb. 9-10-11.

This tournament, which is the largest county tournament in Illinois, if not in the entire country, will be managed by Lloyd Eyer, who has so successfully handled the former L. I. A. C. and district high school classics. Sixteen or eighteen high schools, all members of the Illinois State High School Athletic association, will compete in a major and minor division. Stanford won last year's title before 2,200 people.

Howard Millard of Decatur and former Wesleyan tosser who officiated in the 1921 event, has been secured as one official for the major division with another man to be selected by the committee. Don Russell of Clinton and Lyle Mohr of Normal will officiate in the minor section.

BOWLING

The Heil & McClimans won two matches Monday evening taking three straight from the Great Bobs in a postponed series of the Handicap league while they also grabbed two out of three from the Gustonians in the Greater Decatur League.

In the first match Frahlman showed a 225 game and a 189 average for the best work. Doherty led the Great Bobs with 179 average.

Frahlman also led the field in the Gustonian match with a 213 game and an average of 192. Carl "Rabbit" Hoots turned out a 185 average for the Gustonians.

The other battle of the evening in the Greater Decatur League brought the Shulke Tops and Hasbeens together with the former club winning three straight. Ed Hopkins came through with the best performance of any bowler of the evenings work with a 223 count and a 207 average.

Tuesday night the Review League starts the second half of the season from scratch. Circulators meet the Ludlows and Advertisers tackle the P. & S. The bowlers will sit down to a turkey dinner at six o'clock and smoke the "Peace Pipe" before starting the second half of the season.

LACK OF BUYING SETS BACK WHEAT

Other Grains on Downgrade; Provisions Weak.

Chicago, Dec. 13.—Absence of buying orders led a material set-back in wheat prices today during the early trading. Uncertainty as to the European financial situation together with downturns in foreign exchange seemd to have considerable bearish effect. Estimates of a large exportable surplus in Argenta tended also to weaken the market despite reports that harvest weather was unfavorable. Opening quotations, which varied from ⅛ to 1c lower, with May $1.12⅜ to $1.12¾ and July $1.01¾ to $1.02, were followed by a further decline.

Something of a rally took place later owing to reports that Europe had bought one million bushels. The close was unsettled, ¼c to 1⅝c net lower, with May $1.11⅝ to $1.11⅞ and July $1.01¾ to $1.01⅞.

ON DOWNGRADE.

Liberal arrivals of corn put corn and oats both on the downgrade. After opening a shade to ⅛c off, with May at 53 to 53⅜, the corn market continued to sag.

In the late dealings, prices showed but little power to recover. The close was easy at ⅝c to ¾c net decline, with May 52¾c.

Oats started unchanged to ¼@⅜c lower, May 37⅝ to 37¾c and later showed a moderate general decline.

Provisions were weak in line with hogs and grain.

PRICE OF CORN SLIPPING LOWER

Livestock Steady; Turkeys Advancing.

"There seems to be nothing but soft spots in the cash market" remarked a buyer in Decatur Tuesday as he marked the price of the both corn and oats down one cent a bushel, the corn to thirty-six and a half, the oats to twenty-six cents, a bushel.

Eggs were rather firmer and the spread in the prices being offered by Decatur buyers was greater than usual ranging from forty-five to forty-seven cents, even higher where a round lot were available.

Turkeys are again trying to break into the aviation section, one shipper quoting thirty-five cents a pound alive for the Christmas bird. "There will not be many bought at the very high figures quoted," he said "and the shippers as well as the dealers are going very slow in buying a large stock. Too many were "burnt" at Thanksgiving time when consumers refused to buy at the high figures then quoted.

New York, Dec. 13—On the Stock Exchange today reports that the Mexican Government had decided to abrogate the higher export tax on oils made that group the center of interest before noon. Federal mining and smelting common and preferred, scored the greatest gains, Replogle, Vanadium, Virginia iron, American car and tobacco and chain store specialties also improved.

BLIND FEELS FOOTBALL GAME AT YALE

New York, Dec. 13—Perry T. W. Hall, of Portland, Conn., a famous Yale football player 20 years ago, now blind, today described his sensations of "seeing" big gridiron classics in the Yale bowl last fall.

"I could tell who was ahead and I could tell who won each play," he said. "The cheering which followed each play told the story. Of course, I depended upon someone to tell me whether it was a forward pass or line plunge, but I could follow the fortunes of our team without any further explanation. It was hard to be in suspense sometimes, but institution helped me."

Hall lost his sight eight years ago through an explosion of chemicals.

STATE OWNED FLOUR MILL LOSES MONEY

Bismarck, N. D., Dec. 13. — The state-owned and operated flour mill at Drake operated at a loss of $21,712.42 between Jan. 1 and Oct. 15 of this year, according to a report submitted to the State Industrial Commission by a Minneapolis auditing firm, just made public here.

The average cost per barrel of flour manufactured between April 27 and Oct. 15 was $7.65. The report adds, however, that "considering the cost at inventory at the beginning and inventory at the end, it showed the average cost of flour sold was $8.04½. The average sale price was $7.28½, or an average loss on each barrel of 76 cents."

RAIL OFFICIALS AND EMPLOYES CONFER

Considerable Wage Decrease for All Classes.

Chicago, Dec. 13—Wage conferences between railroad officials and representatives of the shop crafts unions were fairly under way today in several sections of the country, according to reports to union headquarters here. The conferences, in some cases, are considering both the 13 cent increase asked by the shop employes and the 10 per cent decrease sought by the roads.

At the same time, ballots were pouring into the Railway Employes Department of the American Federation of Labor on the question of authorizing a strike fund. While maintaining that this vote had no special significance, officials admitted it forecast a contingency which might arise soon.

$28,000 SECURED BY PANAMA ROBBERS

Panama, Ill., Dec. 13—A check-up today of the State Bank of Panama, which was robbed yesterday by six men, showed that in addition to the $10,000 in cash and $12,000 in negotiable paper reported stolen, the bandits obtained an additional $6,000 of Liberty bonds. The search for the robbers continues.

COL. BURY HEAD OF SOLDIERS' HOME

Danville, Ill., Dec. 13—Col. Fred E. Bury, now governor of the national soldiers home at Dayton, Ohio, will become governor of the home here the first of the year, succeeding Col. Marcus W. ALL "OKLAHOMA" PROPERTY BOUGHT

Mayor C. M. Borchers Bought All Lower Than Option.

"We have bought all of the lots in the Oklahoma district which we expected to buy and we have sold all of the houses on those lots that are world selling except one," remarked Mayor C. M. Borchers as he gave a receipt for $90 Monday which was given to him in payment for one of the little houses on one of the lots which had been bought for the water impounding project.

The mayor is recognized by the officials of the Decatur water Supply Co. as well as by the other members of the city council as their best real estate buyer. He is particularly proud of the fact that the city has bought all of the Oklahoma tracts at less than the options secured by the Water Supply company and that every piece has been bought without a lawsuit except in the case of a minor heir where a suit was caused for the possession of a one fifth interest in a city lot in that territory, the interest involved no doubt being worth actually less than the cost of the legal steps necessary to secure a title.

Mr. Borchers has been called into consultation many times on purchases of larger tracts in the river basin because of his familiarity with the territory involved but he has specialized on the completion of deals for city property located near the county bridge.

A coroner's jury last night ordered the three men to be held to the grand jury. Relatives of the dead man said he had about $400 in his clothing at the time of his disappearance.

Identification was made by relatives, who recognized portions of the dead man's clothing.

SELECTING JURY IN ERNST TRIAL MOVES SLOWLY

Effort to Bar Craig from Prosecution Proves Ineffectual.

Tuscola, Dec. 13.—Predictions of a long drawn out legal battle in the trials of John M. Ernst and Michael and John Quirk, charged with the wrecking of the Arcola State bank, were well born out by the opening session of the trial of Ernst in the Douglas circuit court on Monday. The entire first half day was spent in sparring by the attorneys and no real headway was made toward getting the trial under way.

LEGAL ARRAY.

The case is being prosecuted by State's Attorney Robert F. Cotten and he is being assisted by Ed C. Craig and Fred Kelley of Mattoon. The defense is being conducted by Attorneys Marshall of Chicago, Vause of Mattoon, Whitfield, Deck and Coleman and Whitley and Fitzgerald of Decatur.

The attorneys for the defense attacked the indictment of Ernst on the charge of forgery on which he is now begin brought to trial, on technical grounds, but the motion to squash was overruled by Judge Sentel, who is presiding.

TRY TO BAR LAWYER.

They then sought to have Attorney Ed C. Craig disqualified to assist in the prosecution of the case, on the grounds that Mr. Craig had been the attorney of the Arcola State bank in settling up the affairs of the old institution, and the re-organization of the bank, and that he is or has been a stockholder in the bank.

It was shown that Mr. Craig had disposed of any stock he had previously owned in the bank, and the court ruled that there was no reason why he was not qualified to take a part in the prosecution.

GETTING JURY.

Immediately after the court convened for the afternoon session, the selection of jurors was begun. When court closed in the evening three jurors, after being questioned by the attorenys for the prosecution, were tendered to the defense, and the fourth man had just been called.

ONLY TWO CHOSEN.

When court recessed Monday evening there were four men in the box, Tuesday morning two of these were dismissed, and at the noon recess there were five men in the jury box, though only two had been accepted.

It is predicted that the jury will not be completed before late Wednesday, or perhaps Thursday.

BUYING BY COMPARISON

An apple—all by itself—is just an apple Not so bad not so good—just an apple

But when you see five apples in a row—large or small spotted or shining red—you don't lose any time in picking out THE apple of the bunch!

And that's the way it is when you buy anything—from a house to an extra chair for the living room—you need to look over a number of different ones before you can be sure you're getting the best

The Review's plan of indexing its classified ads makes it easy for you to form a fair comparison of the similar propositions offered every day

You'll find the ads about automobiles of the same make offered for sale, about houses or rooms on the same street that are for rent, about the same sort of articles of merchandise for sale—grouped together for your convenience and profit

Hitting on the best bargains in the things you need is as easy as picking the best apple off a fruit stand

RE-NAME GOLLINGS AS CLERKS' HEAD

Officers on Wabash System Elected.

GOOD TIME ON TRAIN

Handle Autos to Kansas City Speedily.

W. E. Gollings of Decatur, general chairman of the clerks organization on the Wabash railroad system, was re-elected to that office for the third consecutive term of two years each, in the annual business meeting held in St. Louis Monday. This is a very important position and with his other office, that of chairman of the national executive board of railway clerks, keeps him on the road a greater part of the time.

At the meeting in St. Louis Monday, representatives were present from Detroit, Toledo, Adrian, Montpelier, Fort Wayne, Peru, Danville, Chicago, Decatur, Springfield, East St. Louis, St. Louis, Quincy, Moberly, Kansas City and Omaha.

OTHER OFFICERS.

Other officers elected for the next two years, all being re-elected, are as follows:

Secretary-treasurer—H. M. Roan, St. Louis.

First Vice Chairman—H. C. Yarborough, Danville.

Second Vice Chairman—R. E. Runyan, St. Louis.

Third Vice Chairman—F. M. Anderson, Kansas City.

The rest of the meeting was devoted to discussion of wage matters, the schedule case before the labor board and the program for the coming national convention to be held in Dallas, Tex., in May.

Make Fast Time.

The Wabash, which was one of the several roads making an effort to handle the 80 car Willys-Overland train from Detroit to San Francisco in nine days more than accomplished its bit in handling the train according to reports received here Monday. The train was received at Reddick from the New York Central at 3:10 last Saturday afternoon, and was delivered to the Rock Island at Kansas City at 2:10 Monday morning, just thirty-five hours after receiving it. Within ten minutes after arriving the K. C. yards, it had been delivered to the Rock Island. The train went through four terminals.

Object To Rule.

Commuters to the number of 221 who daily ride the Wabash train from St. Charles into St. Louis to work, have signed a petition to the company asking the company to not enforce the recent ruling of the state board of health. This ruling is that on and after Dec. 22, the company must require that agents in Missouri not sell tickets to anyone who does not present a certificate of vaccination. The order was put out because of the smallpox outbreak.

To Vaccinate Men.

Dr. M. P. Parrish, chief surgeon of the Wabash system, has just put out a bulletin to all Wabash employes, urging that in view of the smallpox outbreak, all employes who have not been successfully vaccinated within the last five years, should now be vaccinated. The company physicians will do the work without charge.

Now General Foreman.

Charles F. Kuhr, for the past few years assistant foreman to his father, the late A. W. Kuhr, in the Wabash car department at Tilton, has been appointed general foreman to succeed his father. The younger Kuhr entered the services of the Wabash at 11 years of age, taking employment as a water boy.

Boy and Girl Bumming Way.

Grimy and dirty, four personally conducted tourists rode into Decatur on the side platform on a tank car in a Wabash freight train from the south Tuesday morning. One was a boy of about 18 years and his companion was a girl of about the same age. She wore regular woman's clothes except that she had a man's cap pulled over her ears and wore men's shoes. A Wabash officer picked them up but they were simply ordered to keep on traveling away from Decatur.

Railroad Notes.

The squabble over the recent cut in the Wabash 9th and 13th districts enginemen's board, was concluded Tuesday morning with the cancellation of the bulletin asking for bids on the six restored pool runs. Instead of letting by bids, the men who were originally on these turns before the cut were put back on, the men set back to firing were returned to extra engineers and the extra firemen cut off, were called back.

A. L. Donkers, Wabash machinist at Bement, while raising a steam chest on an engine Monday, sprained his back in such a way that he will probably be off from work for a month. B. Black, machinist from Decatur was sent up to fill the vacancy.

F. R. Lee, general chairman of the Wabash federated crafts, was in Decatur Tuesday to meet with Superintendent G. F. Hess to confer over and thresh out some of the rulings being put into effect by the company and discuss other differences.

C. I. and W. local freight, which also hauls passengers between Springfield and Decatur, and due in Decatur at 3 o'clock Monday afternoon, did not arrive until after 9 o'clock Tuesday morning. The train had a derailment over near Springfield.

HOLD THREE FOR HAULING LIQUOR

Meet Taxi Coming Back from Springfield.

Ed Athons, 1133 Riverside avenue; Will Troesch, 842 East Johns avenue, and Cecil Taylor, driver for the Forbes taxi line, were arrested by Sergeant Tim Collins Tuesday morning for transporting liquor. Taylor was driving a new car and it was feared something had happened to the car. After spending several dollars in long distance telephone calls to other cities, it occurred to Mr. Forbes that the driver might have taken some joy riders to Springfield, so he took Sergeant Collins and two other men in another car and started for Springfield.

They met the taxi coming back. Athons and Troesch had been drinking, so the car was searched and three quarts and a half-pint of white mule were found in the car. All three were locked up on a charge of transporting liquor.

GEORGE ROBERT TO GET NEW HOME

To Be Adopted At End of Six Months.

Another chapter in the story of little George Robert, the waif found Nov. 13 on the steps at St. Mary's hospital, was begun Monday afternoon when between 4 and 5 o'clock Judge J. H. McCoy ordered a recess for about five minutes in the case on trial and went into the adjoining room and formally declared the baby a dependent child. Sister Jutta of St. Mary's hospital told the history of the baby as far as she was able to learn it.

DECLARED DEPENDENT.

She said he was the same child that was left on the steps of the hospital on the night of Nov 13; that there was nothing to indicate who he might be except the note that accompanied him saying his name was George Robert. Efforts to learn who his parents might be failed. Then a formal order was entered on the docket by Judge McCoy, declaring "the said George Robert to be a dependent child," and placing him temporarily in the custody of Ms E. M. Wagenseller, "until further order of the court."

WITHHOLD NAME.

Mrs. Wagenseller placed George Robert in the care of a woman who accompanied Sister Jutta to the court house. This woman wishes to adopt the baby. It is understood that the court wishes her to have the child For reasons best known to the court, the woman's name is withheld. Six months from now she may legally adopt the baby. There have been many inquiries concerning the child and several expressed a desire to adopt it and the court had the choice of a number of excellent homes for the baby.

PAY ASSESSMENT TO KANSAS MINERS

Is Violation of National Executive Board.

According to President Frank Farrington of the Illinois Mine Workers in an interview in Springfield Monday, the Illinois district executive board Wednesday, will order payment of the assessment for relief of the Kansas mine strikers. This will be in direct violation of a decree of the national executive board forbidding the assessment.

"We are paying our assessment here" said an official of the Decatur miners" and are doing it gladly. The order put out by the national is against the state committee collecting this assessment but there is nothing to stop us from giving the money if we choose."

Sympathy here among the miners is entirely with the Kansas miners according to the official who added that as far as National President John L. Lewis and State President Frank Farrington were concerned, the miners would probably be better off if both of these officials were ousted and a change made. He intimates that both of these leaders are trying to play politics against each other to the detriment of the United Mine Workers.

MANY TREES NOW ON STREET CURBS

Practically Every Business House Buys.

Christmas trees have begun to spring up on the curbs throughout the business district and by Wednesday night or Thursday morning the entire section will be lined with the evergreens. The canvass of the merchants Monday by representatives from the commission houses and the Association of Commerce revealed the fact that almost every one was heartily in accord with the idea of changing the drab grayness of the streets to green aisles suggestive of the Christmas spirit.

The only objectors were those whose locations were such that because of lack of side walk the trees would impede the traffic in front of their stores.

MANY OUT NOW.

The 100 and 200 blocks on North Main street were practically unbroken in their stretch of green on Tuesday and a number of other stores had placed the trees but the delivery to the majority of the business houses is scheduled for Wednesday when most of the firs will put up some time during the day.

The students of the high school were given a pleasant surprise Tuesday morning, when they were given and opportunity to hear Mr. Berg, a violinist, who has recently moved to Decatur, from Minneapolis. Mr. Berg played a number of well known selections for the pupils of the school and pleased them greatly. He told a brief history of the selection and its author before he played it, which made the concert much more interesting.

His first number was "Humoreske" by Dvorak. Following this he played "The Traumerei" by Schumann, "The Intermezzo from the Cavallera Rusticana" by Mascagni, "I Love You Truly" by Jacobs-Bond, "The Cavatina" by Raff, "The Maiden's Wish" by Chopin, arranged for the violin by McClelland, and "The Lost Chord" by Sullivan.

The social committee of the class has been working hard during the last week, and they plan to make this party the best one of its kind ever held at the high school. An interesting program has been planned, after which an orchestra will play for dancing in the Gymnasium.

HOOP SNAKE IS TAKEN TO D. H. S.

Old Tradition Makes Reptile Interesting.

A live hoop snake has been taken to the Decatur High School by Frank Torrence park superintendent. Mr. Torrence got it from A. Bridgewater east of Mowequa. The snake was found on the farm there five or six months ago. It was then five inches long. It was placed in a jar and is now fourteen inches long. It has never been fed.

There is a tradition, denied by many, but never the less a tradition that a hoop snake takes its tail in its mouth, makes itself into a hoop and can in this manner outrun a man. It was part of this tradition that should the snake catch a person it would strike with its tail and the person would die.

It is also told that should a person in trying to escape, dodge behind a tree that the snake would strike the tree and the tree would die.

The snake taken to the high school has a stubby tail with a sharp point. It is the first hoop snake seen by many.

GRABS BUMPER AND SAVES SELF

Ray Murray Hit By Dr. S. O. Eads' Auto.

Ray Murray, employed at the Armstrong Battery Service, was knocked from his bicycle and dragged beneath the automobile driven by Dr. S. O. Eads at the intersection of Water and William streets at 1:15 o'clock Tuesday afternoon, but escaped injury. By rare presence of mind Murray grasped the forward bumper of the Eads car as he was knocked from his wheel in the path of the machine, and though his body was dragged under the car along the pavement for twenty or thirty feet, he was not hurt.

Dr. Eads had his car under control and stopped it in twice its length. He readily volunteered to pay for all damages to Murray's wheel, which was badly wrecked, or to Murray, but the latter insisted he hadn't a scratch, and bore no ill will.

Big Crowd to Attend Hard Road Meet.

OUT OF TOWN RESERVATIONS.

The interest which the meeting, at which Governor Len Small, State highway superintendent Frank Sheets and Senator Meents will speak, is creating is shown by the number of out of town reservations which were coming in Tuesday morning. The board of supervisors from Moultrie county sent word asking that reservations be made for them as they were coming in a body. Other reservations had already been received from Mowequa, Maroa, Harristown and Cerro Gordo.

MAY HAVE 400.

It is expected now that the luncheon will be one of the largest which has been held in Decatur for many months. Indications Tuesday were that reservations would run to at least 350, possibly 400.

The meeting and the luncheon are open to all, men or women, and the cost for the meal is seventy-five cents. Those who want to insure themselves a place should telephone to the office of the Association of Commerce, Main 118, if they have not already signed cards or made reservations.

PROGRAM SHORT.

"You can just say that the program will not be a long-winded one" sid Harold Pogue, secretary of the Association of Commerce. "In spite of the fact that there are three prominent men to speak. It is planned to serve the lunch promptly at 12 o'clock and have the meeting over about the usual time when such meetings close, near 1:30.

VISIT ROADS.

As the committee plans to take the governor and the other officials out to show them the East William street road where the twenty-two feet wide hard surface is wanted, and on the Bloomington road, which the county hopes to have paved next year, it will be seen that the meeting must end reasonably close to the usual time to permit these drives and still allow the governor to catch his train at 3:20.

R. D. Wood, president of the Association of Commerce, will open the meeting and Mr. Wood's well known brevity of introduction will insure that the speaking by the visitors will not be delayed. Mr. Wood will turn the meeting over to A. M. Kerney, chairman of the good roads committee of the association, and he will waste neither words nor time in introducing the speakers of the day.
